Underpinned by the principles of Te Tiriti o Waitangi, NZ On Air's role is to ensure our media reflects the many different interests and perspectives of an increasingly diverse Aotearoa New Zealand. It helps us to individually and collectively develop our identity and culture.

Our strength is our people who every day strive to ensure all New Zealanders, including minority and underserved audiences, can see and hear stories about themselves. We offer a diverse and inclusive workplace where everyone is able to fully contribute.

KIA TOIPOTO | PAY GAP ACTION PLAN

Kia Toipoto is a comprehensive set of actions to help close gender, Māori, Pacific and ethnic pay gaps in the Public Service. The 2021-2024 action plan has three goals, which are to:

1. make substantial progress towards closing gender, Māori, Pacific and ethnic pay gaps
2. accelerate progress for wāhine Māori, Pacific women, and women from ethnic communities
3. create fairer workplaces for all, including disabled people and members of rainbow communities

KIA TOIPOTO HAS SIX FOCUS AREAS

1. Te Pono | Transparency
2. Ngā Hua Tōkeke mō te Utu | Equitable pay outcomes
3. Te whai kanohi i ngā taumata katoa | Leadership and representation
4. Te Whakawhanaketanga i te Aramahi | Effective career and leadership development
5. Te whakakore i te katoa o ngā momo whakatoihara, haukume anō hoki | Eliminating all forms of bias and discrimination
6. Te Taunoa o te Mahi Pīngore | Flexible-work-by-default

OUR COMMITMENT

NZ On Air | Irirangi Te Motu is committed to achieving the goals of Kia Toipoto through the development of its Equity and Representation Strategy which will be released mid-2024. This strategy focuses not only on NZ On Air's workforce but its role in promoting and supporting equity and representation in the workforce that creates the content it funds.

The small size of NZ On Air's workforce means we do not meet the threshold to produce meaningful gender or ethnic pay gap statistics. Changes in our staffing (even small changes) can significantly impact our pay gap statistics and make our figures volatile. Since we cannot report our pay gap data, we use other information – such as trends, our workforce profile, people data and recruitment statistics – to help measure our progress. Looking at our information, as of 31 March 2024, we can see:

- We employ 36 permanent and fixed-term people.
- We employ people from several different cultures, with some staff including Pākehā/ European, Māori, Pacific, Asian and Middle Eastern, Latin American, or African (MELAA).
- We have more women than men in our workforce, with more women holding leadership and management roles. Of those in leadership and management roles, we have Māori, Pacific and Asian representation.

- Our wider leadership team has more women than men, and by ethnicity is predominantly Pākehā/ European. Within this team we have leaders who are Māori, Pacific and Asian.
- Our voluntary turnover is 7%. Retaining our talent is positive however, in doing so, impacts opportunities to diversify through recruitment.
- In the last 12 months, the ethnicity of our people recruited was mostly Pākehā/ European. We have, as an agency, increased overall diversity and will continue to focus our efforts on recruitment to maintain this positive movement.
- Of those who were promoted or appointed to new opportunities, our agency saw these include wāhine Māori, Pacific women and women from ethnic communities.
- At our last remuneration review round, we corrected a small number of inequities. We have also been mindful of not creating inequities when hiring new staff. Going forward, we will continue to focus on retaining no gaps and ensuring NZ On Air is a diverse and inclusive workplace.
- We continue to promote our Taku Mahere (staff individual plans) to provide a platform for our people to have a kōrero about progression plans.
- Flexible working arrangements are available to all our people. Hybrid working has been adopted by many.

All staff have received Unconscious Bias training and we have included this in our onboarding of all new staff. This plays an important part in eliminating bias in recruitment and hiring decisions.
