

NEW MUSIC PASIFIKA: Application Guidelines

This document sets out detailed requirements for artists intending to make an application to the NZ On Air New Music Pasifika round.

Overview details can also be found on our website [here](#).

Introduction

NZ On Air will conduct two specific New Music Single funding rounds with a Pasifika focus in 2023. The first Pasifika focus round was held in January/February 2019.

The funding is targeted to boost NZ On Air's reach to under-served audiences. One of those audiences identified is Pacific audiences.

Purpose

To increase the amount of quality Pasifika music content available for Pacific audiences (and potentially wider audiences) via radio and online music services.

To identify and support Pasifika music artists to enhance the production quality and visual and promotional elements for singles that have great potential to connect with those audiences and to engage wider mainstream audiences.

Details

New Music Pasifika (Single) grants will be available for artists of Pacific descent who are based in New Zealand. Applicants must be New Zealand Citizens or Permanent Residents.

Primary broadcast and online outlets for this music would include the Pacific Media Network stations, along with various streaming service playlists, video streaming sites, and the potential to cross to other radio playlists.

Successful recipients will be supported with professional music manager mentoring sessions through the Music Managers Forum and/or the Pacific Music Awards Trust with a focus on helping successful applicants achieve the best possible broadcast and online impact for their funded work.

The music content should be created by personnel reflecting Pasifika culture depicted within the music. All music genres, Pacific and English languages will be considered.

Types of funding

You can apply with a song that is yet to be completed (demo) and if successful put the funding towards recording, mixing and mastering costs, as well as video content and promotion.

OR if the song is already finished you can apply with the finished track and if successful use the funding for video content and promotion only.

We can only accept one song per artist per round for consideration.

Funding amounts

This New Music Pasifika focus round will provide funding for Pasifika artists to professionally record a Single, make a visual representation for the song (eg. Music video or other video content, social media content etc.), and promote and publicise the song, with the aim of achieving broadcast airplay and significant plays on the key streaming services and video platforms.

Each New Music Pasifika grant is **up to \$10,000 (plus GST)**. There is no co-investment required by the artist/rights holder, however if additional investment is required to complete the project the rights holder will be responsible for that part of the investment.

Submitting an application

New Music Pasifika funding applications will only be accepted online via our application website.

You will need to register and login **ahead** of the deadline, so please do this in advance of applying. Go to <https://newmusicsingles.nzonair.govt.nz/> to get this process started.

Assessment criteria

Applications and the songs will be assessed by NZ On Air and an external panel of music experts. Key factors in the assessment process will be:

- Potential for the song to achieve broadcast on Pacific-audience targeting and/or other significant New Zealand radio platforms, helping to increase levels of New Zealand music on radio
- Potential for the song to impact online audiences in New Zealand with significant streams/views/shares/likes/other engagement for the funded song
- Evidence of some audience following for the artist (eg. engagement with any songs released to date, live show attendances, social media fans etc.)
- Strength of the overall recording and release plan and application.

The fine print

This funding round is being assisted by the Pacific Music Awards Trust and the National Pacific Radio Trust.

If your application is successful, among a number of other requirements we will stipulate that:

- Producers must be aware of their obligations under the Health and Safety at Work Act 2015.
